An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claims 10-21 because claim 1 is not generic to the other species.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David C. Peterson on October 27, 2005.

The following is an examiner's statement of reasons for allowance: one of ordinary skill in the art would not have reasonable expectation that in the known device attaching a heat sink to a chip would survive <sup>the recites</sup> ~~an~~ operation because the necessary strength <sup>of the chip</sup> would not be expected.

Therefore, the prior art of record neither anticipates nor renders obvious the claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joannie García whose telephone number is (571) 272-1861. The examiner can normally be reached on Monday through Friday.
